

ECO-RESOURCE CONSULTING, INC

Ecological Restoration Summer Internship

Are you looking to gain experience in the ecological restoration field? Then Eco-Resource Consulting, Inc. (ERC) has the perfect opportunity for you!

Eco-Resource Consulting, Inc. (ERC) is currently seeking Summer Interns for a Paid Internship Program through our office in the Madison-area, WI office. ERC's Internship Program will give students hands-on experience with the foremost ecological consulting and restoration team in Wisconsin! ERC provides advanced ecological restoration, mitigation and consulting services throughout Wisconsin, Michigan, Illinois, and the greater Midwest. ERC serves leading energy, government, institutional, corporate, and private clients from throughout the region. We provide clients with natural resource inventories and assessments, regulatory compliance, project oversight, and the development and execution of comprehensive restoration and management plans. Our talented staff works collaboratively to exceed client expectations and deliver outstanding results. For more information about ERC and what we do, check out our website at www.eco-resource.net.

Why ERC?

- Top professional mentors
- Diverse project experiences
- Advancement opportunities
- Flexible work environment

Job Duties:

Job duties will include carrying out tasks related to prairie, wetland, woodland, and other natural community restoration and land management. Specific job tasks will include application of herbicides, mowing, installation of erosion control products, native seed and plant installation, and invasive shrub/tree removal and treatment. You will work in field crews with typically 2-4 people and will be under direct supervision of a crew leader. Equipment operations may include brush-cutters, backpack herbicide sprayers, ATV, and UTV.

Basic Qualifications:

- Must be able to lift 50 lbs. and be able to perform physical work in a wide range of outdoor weather and environments including walking 2-4 miles in rough terrain.
- Strong oral and written communication skills, analytical and creative problem-solving skills.
- Willingness to travel and conduct field work in remote areas for extended periods.
- Enthusiasm and willingness to learn.

Internship Benefits:

- Competitive hourly pay
- Hands-on experience implementing restoration practices
- Opportunities to work in the field with top professional mentors
- Internships will be seasonal full time (40+ hours a week) and will occur during the summer months; June – August/September

Please contact Clay Frazer at cfrazer@eco-resource.net for more information and for resume submittal.

ERC is an equal opportunity employer that embraces a diverse workforce. All individuals will receive consideration for employment based on qualifications in accordance with governing laws.
