

LANDSCAPE ARCHITECTURE/PLANNING – SUMMER INTERN

The Sigma Group, Inc. is looking for a Landscape Architecture or Planning intern to join their Milwaukee office for the summer of 2022. The Sigma Group is a 60+ employee multi-disciplinary engineering firm in the Menomonee Valley providing numerous services that enhance the built environment. In our Milwaukee office, interns will have the opportunity to interact with professional landscape architects, civil engineers, land surveyors, geologists, and hydrogeologists, getting hands-on experience on a multitude of different project types.

The Ideal candidates will have:

- Minimum of 2 years' experience in landscape architecture/planning related coursework and working toward a bachelor's degree in Landscape Architecture, Planning, or related field
- Working knowledge of Adobe Creative Suite, Sketchup, AutoCAD/Civil 3D, Microsoft Office, and 3D modeling software such as Sketchup and Lumion
- Passion for improving the built environment; including land planning, urban design and redevelopment, streetscapes, public infrastructure design, landscape restoration and planting design.
- Strong verbal and written communication skills
- Self-motivated with high attention to detail
- Organization and time management skills and an ability to multi-task
- Positive attitude and strong work ethic

What will the candidate experience?

- Collaborate and assist in drafting site plans, construction drawings & landscape plans in coordination with the landscape architecture team
- Site visits and project walks
- Design and detail site elements and planting plans in AutoCAD/Civil 3D
- Participate and contribute to design and planning discussions, idea generation, collaboration and design work through drawing, site modeling, and renderings
- Hands-on training and guidance to improve both technical and soft skills

The Sigma Group's clients include local and nationally awarded architectural firms, private land developers, municipalities, and institutions. If you are the ideal candidate who is creative, forward thinking, and ambitious who would like to get immersed in a unique design and planning environment, please apply!

To apply, please forward a cover letter, resume, and 5 relevant samples of work in one PDF by March 18th to SigmaHR@thesigmagroup.com.

Approximate internship dates will be June 1st, 2022 – August 20th, 2022

The Sigma Group is an Equal Opportunity Employer
