

Teaching Assistant Application Now Open

Application due April 8, 2024

Position Description:

- Currently hiring for graduate students interested in lecture or laboratory assistantships in Evolution, Ecology, and Genetics (Biocore 381/382) or in Principles of Physiology (Biocore 485/486)
- Lecture Assistant appointments are between 33.4% to 50%, and are responsible for attending lecture, leading 50-minute discussion sections, and grading exams and additional assignments
- Laboratory Assistant appointments are 40% (for one lab and discussion) and are responsible for preparing students for lab, assisting in lab, and grading lab reports

Preferred Qualifications:

- Interested candidates should have broad training in biology
- Familiarity with genetics and ecology is highly desirable for Biocore 381. Familiarity with Anatomy and Physiology is desirable for Biocore 485

Next Steps:

- Go to <https://biocore.wisc.edu/> for an application
- Submit completed application to Carol Borcharding at carol.borcharding@wisc.edu by Monday, April 8, 2024
